## Subscriber Demarcation Boxes

Channell offers a line of plastic wall boxes to include Demarcation Boxes (DMB) for the home. These boxes are designed to house copper connections, splitters, ground blocks and filters as a customer interface for in-home wiring to drop facilities.

These precision-molded outside plant grade thermoplastic boxes provide universal mounting for accommodation of all commonly used connection devices. External security is provided by a F81 security locking connector, a utility security tab or padlock.

Demarcation Boxes are available in several sizes and can be ordered in carton quantities.

### Features & Benefits

- Versatile design permits installation of splitters, ground blocks and copper telephone connections
- Constructed of precision molded OSP grade thermoplastic
- Wall mountable
- External security
- Designed to withstand harsh weather and environmental conditions
